

SEES A CRISIS AT HAND IN GERMANY

Socialist Leader in the Reichstag Takes Gloomy View of the Outlook.

BERLIN, Nov. 29.—The nineteenth budget was discussed in the Reichstag today. Herr Bebel, the Socialist leader, made an interesting address, in which he called attention to the condition in the country and declared this indicated that a crisis was at hand. He said the unemployed in Berlin already numbered between 30,000 and 40,000.

Owing to a number of combines, price agreements and high duties, Herr Bebel declared, Germany was paying the highest prices in the world. Holding up a loaf of bread—which caused prolonged merriment among the members—the Socialist leader said:

"They still say this is a big loaf, but a loaf that weighed four and one-half pounds eighteen months ago now weighs scarcely three pounds, and the price has risen fully 50 per cent."

Continuing, Herr Bebel said that official inquiry showed that the number of public school children in Berlin who never had dinner had risen to 4341, while a large number of them had only bread and coffee for dinner.

Turning to home politics, Herr Bebel announced that he disagreed with the declaration made before the Reichstag yesterday by the minister von Buelow, that no camarilla existed in Germany. He quoted from Prince Bismarck and Prince von Hohenlohe to prove the contrary.

Referring to the recent trial of Maximilian Harden, who was sued by Count Kant von Moltke, a former military governor of Berlin, for defamation of character, the Socialist leader asserted that the vices revealed in the trial were so prevalent that if the police brought all the guilty parties to justice a scandal eclipsing the Panama and the Dreyfus revelations would break out. The guilty persons, the speaker averred, are to be found in the highest social circles and they include princes of ruling houses. The police know the names of the victims, but they are afraid to act lest the victim blurt out the names of high personages who are guilty. A number of tragedies already have resulted from this state of affairs, Herr Bebel concluded, and some officers have committed suicide to escape blackmail.

**PARDON BOARD TO PASS
ON DAY COMMUTATION**

Has Been Going Over Record of Case, in Preparation for Decision.

The State Board of Pardons meets Saturday at 10 o'clock to decide on the case of Albert T. Day, the negro convicted of killing Horace H. Voss, negro, and condemned to be shot Friday. The board consists of Judges W. M. McCarthy, J. V. Straub, Joseph W. M. McCarthy, the Supreme Court; Gov. John C. Cutler and M. A. Breeden, State Attorney-General.

During the past week the members of the board have been going over the records of Day's trial, and making a thorough investigation of the case. It is reported that the meeting will be held in the rooms of the Supreme Court rather than in the penitentiary, as is the custom in the case of a condemned man.

The testimony that convicted Day was to the effect that he had walked to the door of a room in which Voss was standing, talking to a friend, and deliberately shot him down.

Day's story was that he had a controversy with Voss, in which the latter threatened him and reached for his hip pocket, and that as Voss made that motion, Day shot.

The bullet entered the right side of Voss's forehead and lodged at the back of his head. There were eye witnesses to the shooting, who told that Day had shot without warning or provocation.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound or 21 one-cent stamps, or cloth-bound for \$1 stamp. Address Dr. Pierce as above.

ECZEMA NEARLY REACHED EYES

Disease Spread Over Whole Body—
Face Was in Awful Condition—
Itched So that Baby Could Not
Sleep—Doctors and Home Remedies
Failed—Mother in Despair.

CURED IN THREE WEEKS
BY CUTICURA REMEDIES

"I take great pleasure in dropping you a line to tell you what a Godsend Cuticura Remedies were for my baby. He was suffering from that terrible torture, eczema. It was all over his body in patches, but the worst was on his face and head. His face was awfully bad; the eczema extended up to the lower eyelids and I was just about sick for fear it would get into his eyes before I got it stopped. He cried and scratched all the time and could not sleep night or day from scratching. I took him to the best doctors, and one of them said that he would keep the disease till he got all of his teeth; but if I had depended on the doctors, I guess my boy would have been laid at rest by this time. My friends told me to try many kinds of remedies, and I pestered the child to death with all the different things, but could see no improvement. Finally I got discouraged, and was just about to give up all hope of his ever getting cured, when I read about the wonderful Cuticura Remedies, which came just in time to save my baby from the terrible torture. I used Cuticura Soap and Cuticura Ointment, and gave him Cuticura Resolvent, and I saw an improvement in three days, and in three weeks his skin was as clear as it could be. The boy was six or seven months ago, and I have not seen any return of the disease since. I should have written long ago, but I waited to see if it would return. I recommend the use of Cuticura from one end of the world to the other. Mrs. Maggie Smith, 314 W. Crocker St., Akron, O., July 24 and Aug. 11, 1906."
